BETTER THAN GOLD! PORTSMOUTH, July 9, 1851. Mn. J. E. Boush—Dear Sir: I feel it a duty to make mown the benefit I have derived from Dr. Hampton's VEGETABLE TINCTURE. For a number of years 1 suffered from disease, but to a greater degree for the last three years. One of the forms of my disease was dyspep-From this dreadful malady I suffered to such an ex tent that life was really a burden. The attack of it on me was different to that on any other person of whom i have heard; at times it was like the palpitation of the heart; there was a constant thumping and heating without intermission about the region of my heart, chest, and stomach was much distended, with constant pain, great weakness, and constipation of the bowels. I could not eat the most simple food without pain. I also suffered of the day, but found no relief. I had also the best medi-cal attendance. One of my physicians frankly told me i-was of no use for me to be paying him for advice, as he could do me no good. I gave up almost in despair, an

was of no use for me to be paying him for advice, as he could do me no good. I gave up almost in despair, and thought my discuse certainly incurable.

At this juncture I heard of Hampton's Vegetable Tincture. I refused to give it a trial, although persuaded by my friends, until my son purchased a few bottles, and requested me to try it; after taking it a few times, it had a most happy effect on me; my confidence increased, and after taking three bottles, my dyapopeia, or discuss of the stomach, was nearly if not entirely cured. I now feel myself a new man, and in better health than for years. I am certain the cure in my case was made by this Hampton's Vegetable Tincture alone. Since my cure I have recommended the tincture to a number of my friends, who have also been relieved by it. Some of the cures have been as rapid and equally wonderful as mine.

I present my respects to Messers, Mortimer & Mowbray, the proprictors of this valuable medicine, and say to them its value is above price; and from my cure, and what I have seen of its effects on others, I shall ever feel it my duty to recommend it to the suffering. I have no doubt many valuable lives will be prolonged by its use. I hope the afflicted will cast aside their prejudices and give it a trial. Yours most respectfully,

Solins Luke.

trial. Yours most respectfully,

(Signed)

JOHN LUKE.

The above is extracted from a letter from a gentleman sixty years of age, and of high character. He says; "I have given but a faint idea of my sufferings; I feel inadequate to the task." We also have received, in the last few days, letters from two of our most worthy and well-known citizens, giving two remarkable cures of spinal disease. But yesterday one of the oldest merchants reported that he was cured of neuralgia of the head, of years standing, and so bad that his teeth fell out from its effects. Call and see letters. Was there ever so many cures, wooderful cures, made by any other medicine. All we ask of the afflicted is that they try Hampton's Vegetable Tincture, the great purifier of the blood and cure for all chronic diseases, as dyspepsia, rheumatism, scrofula, and all complaints of the stomach, bowels, &c.

Baltimore, July 18, 1851.

Messre. Mortimer & Mowbray:—Gentlemen: My daughter having been afflicted for more than a year with the spinal disease, and having tried every remedy that was prescribed by some of our best physicians, without affording her any apparent relief, I fortunately was advised by a friend to try a bottle of "Dr. Hampton's Vegetable Tincture," which relieved her of her pain in less than twenty-four hours. I am pleased to say that since she took it she has been free from pain, and she is gradually gaining strength, which I attribute entirely to the restorative properties of this medicine. I believe if it were more extensively used, it would do more good in the removal of such diseases incident to the human family than what is usually prescribed.

Very respectfully, your obedient servant,
ROBENT KERR,

Devoted to African Colonization and Civilization, to Literature and General Intelligence.

to Literature and General Intelligence.

This undersigned propose to publish, in the City of Washington, a weekly newspaper, bearing the above title, and dedicated to a sound morality in Politics, to the Union of the States, to the cause of African Colonization and Civilization, and to all topics of a high and general interest to their country and mankind. They will endeavor to impress upon the People and Government of the United States and of theseveral States the importance of colonizing in Africa, with their own consent, the free people of color of this country, and such as may become free. They will communicate to the public all important information they may obtain in regard to the Geography, Exploration, Rescurces, Commerce and Population of Africa; the state of the Slave Trade, and the measures best adapted for its suppression; and will enforce the duty of union among all Christian denominations in efforts to diffuse the knowledge of our Arts, Liberty, and Christianity, among the barbarous people of that Continent.

TERRA—The Cartaian statemen will be two dollars a year, payable in advance.

[balansters or others, who may be pleased to act as voluntary agents, will be responsible to those who may pay over to them subscriptions; and to the order of such agents, or to any who may make remittances for the Christian Stateman, it will be supplied on the following

BLACKWOOD'S MAGAZINE, AND THE

BRITISH QUARTERLY REVIEWS.

O WING to the late revolutions and counter-revolutions among the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicus of Great Britair have become invested with a degree of interest hitherto nuknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected count of all the important political events of the Okworld, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

The London Quarterly Review,

THE LONDON QUARTERLY REVIEW,
THE EDINBURGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WISTHINSTER REVIEW, and
BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained the views, moderate In these periodicials are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical: "Blackwood" and the "London Quarterly" are Tory, the "Edinurgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establish burgh Review Wing, and the weekdinger Review burgh Review whether the heat great ecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir Bestel Browster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals—Blackwood's Magazine being an exact fac simile of the Edinburgh edition.

Mr. Robert Seirzs—Dear Sir: I have looked over the eatire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine litustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do nuch to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans. the kneeding toward to follow your plans.
